

How to access the SIMS Learning Gateway (SLG) – A Parents/Carers Guide

1. You can access SLG by directly going to <https://ken.kingsdownschool.co.uk/SLG/>
alternatively you can also find the link on our website via the 'Parents' > 'Sims Learning Gateway' page.
2. When you first visit SLG, you'll be asked to login. You should have already been given your username and password.

The image shows a login page for Kingsdown School. On the left is a large shield-shaped logo with a red background and a white central area containing a red lion rampant. To the right of the logo, the text 'Kingsdown School' is displayed in a large, black, serif font. Below this, a smaller line of text reads 'Sign in using your Kingsdown email address and password'. There are two input fields: the first contains the text 'kingsdown\kdsjbloggs' and the second contains a series of dots representing a password. Below the password field is a red rectangular button with the white text 'Sign in'.

Remember your username will need to be in a very specific format:

The start of the username will be kingsdown\kds. This is then followed by the first initial of the forename and then the surname

e.g. kingsdown\kdsJBloggs

It's also possible you may have a number at the end if other people have a similar name as yourself.

3. When logged in you'll have access to 3 blue tiles to click on.

My Account allows you to see the details we have stored for you, and allows you to change your password (which we recommend on doing when you use SLG for the first time)

My Summary shows details about Kingsdown School

My Children will allow you to see details on your child or children.

Note once you click on one of the tiles the next page will differ depending if you are using a computer or a mobile device.
